

Motorcycle Sale Agreement

A written contract for selling a motorbike privately, covering the registration book, engine and frame numbers, remaining installments, and included gear.

SAMPLE · finsafe.space

1. Parties

Names seller and buyer with ID details and confirms the seller is the registered owner or is authorized in writing to sell.

2. Motorcycle identification

Records plate, engine, and frame numbers exactly as verified on the bike and in the registration book.

3. Registration book status

States whether the seller holds the book or a finance company does, and how and when it will be released for transfer.

4. Outstanding installments

Declares any remaining installment balance and commits part of the payment to settling it before or at transfer.

5. Price and payment

Sets the total price, deposit, and balance, with each payment confirmed by receipt or transfer slip.

6. Included items

Lists helmets, accessories, keys, and documents included, so handover has a checklist rather than a memory test.

7. Condition and odometer

Records mileage and known faults, with the buyer confirming inspection and a test ride where agreed.

8. Name transfer

Sets who completes the transfer at the transport office, who pays the fee, and the deadline — often within a fixed number of days of full payment.
